

## OSHA - 10 Hour Construction Industry Outreach Training Program

### Course Description

This course is designed for Construction Workers, Foremen, Superintendents, and Project Managers. OSHA recommends Outreach Training Program courses as an orientation to occupational safety and health for workers covered by OSHA 29 CFR 1926. Workers must receive additional training, when required by OSHA standards, on the specific hazards of the job. Upon successful completion of the course, participants will receive an OSHA construction safety and health 10-hour course completion card from the Department of Labor.

**Note:** This online course has been reviewed and accepted by OSHA for online distribution.
